

American Airlines Update

Weekly Update – May 29, 2020

Below are the highlights from this week.

Memorial Day Heroes

On Memorial Day, we honored those whose sacrifice has given us the freedom to live and fly freely around the world. We salute U.S. military members and their families, who have endured so much. They are true heroes.

Health and Safety Resources

The European Union Aviation Safety Agency (EASA) and the European Centre for Disease Prevention and Control (ECDC) issued guidelines to help travelers stay up-to-date on the latest health and safety recommendations.

Caring for Our Communities

Last week, team members could be seen across Dallas-Fort Worth (DFW) and Philadelphia giving back in their communities.

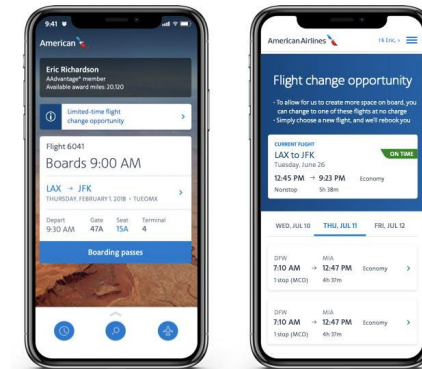

In DFW, they delivered meals to families and medical professionals. Team members also sewed and delivered 800 masks to the UT Southwestern's Moncrief Cancer Institute.

More Options Via Flight Notifications

As more customers begin to fly and aircraft become busier, customers who may not wish to take their original flight have options. American will proactively notify customers 24 hours before their flight with options including:

- Moving to another flight that is less full without paying a change fee or fare difference.
- Receiving a travel credit for the full value of the ticket, without change fees, for future travel.

Providing More Flexibility for Customers

American enhanced its offer to extend ticket validity and waive change fees for tickets purchased on or before June 30, 2020, with travel through September 2020. Customers have until December 31, 2021, for future travel.

Free name changes have been extended for corporate customers with active Corporate Travel Agreements or Business Extra accounts. Tickets purchased on or before June 30, 2020, will get one free name change during the validity of the ticket.
